

Limitation on Cambodia War to Pass

By CARL P. LEUBSDORF Associated Press Writer

WASHINGTON (AP) — The six-week Senate debate on U.S. policy in Cambodia is nearing its end amid strong disagreement over whether its ultimate impact will be more symbolic than real.

Every indication is that the Cooper-Church amendment to restrict future U.S. actions is headed for approval once opponents permit the final vote, probably next week.

Even if the House defeats the measure there is widespread agreement on both sides that the lengthy Senate debate will influence President Nixon if he feels it necessary to take another step such as the attack into Cambodia.

Sen. Robert J. Dole, R-Kan., a leading administration supporter who believes statements in debate and amendments reasserting the President's constitutional authority have weakened the original proposal, nevertheless told a reporter, "It's still an indication that Congress has some definite responsibilities and we're willing to assert them."

Democratic Leader Mike Mansfield, a leading Cooper-Church supporter, said approval would mean "there will have been an expression of its feeling on the part of the Senate which any president will take into consideration."

But the substantive impact of the amendment produces divergent views.

Sen. John Sherman Cooper, R-Ky., and Frank Church, D-Idaho, have made clear they feel their amendment, while permitting certain limited emergency steps as hot pursuit into Cambodia, air strikes at Communist sanctuaries there and even an attack to forestall an imminent invasion of South Vietnam, would bar a repetition of the April 30 attack without congressional approval.

They were joined by Sen. Robert C. Byrd, D-W.Va., author of an amendment which said the president's constitutional authority includes protection of American forces wherever deployed.

In an exchange last Thursday with Cooper, Byrd said "the president would normally have time to consult with Congress," adding "there can be, however, emergency situations wherein the president might have to take action very, very quickly where-in there might be the element of time and-or the element of surprise, which might have a bearing upon the success of whatever tactical operation might be involved, and when the president might not be able to immediately consult with congressional leaders."

"Parenthetically," Byrd added, "I do not think that was the case in the instance of April 30. I think that some congressional leaders could have been consulted."

Dole, however, disagreed. "I assume," he said, "you could do everything under the Cooper-Church resolution except take up residence (in Cambodia) if you're in uniform." He added he was sure the amendment would not bar a repetition of the April 30 attack without congressional consultation.

Charge Jews in Red Air Hijacking

MOSCOW (AP) — Jews trying to escape to Israel were among 12 persons arrested last week for the first airline hijacking plot reported in the Soviet Union, according to Jewish informants in Moscow.

The newspaper Leningrad Pravda gave this two-sentence report of the incident: "On June 15, a group of criminals trying to seize a scheduled plane was detained. An investigation is being conducted."

The informants in Moscow said 12 persons, 19 to 45 years old, were arrested at the Leningrad airport before they attempted to board the Aeroflot plane for a flight to Karelia, near the Finnish border.

Six of those detained were said to be among 37 signers of a recent letter to United Nations Secretary-General U Thant appealing for his aid in getting Soviet authorities to permit them to go to Israel. The non-Jews in the group were trying to flee to the West, the Moscow sources said.

Crime Up, But Violence Is Tapering Off

WASHINGTON (AP) — FBI statistics released today showed crime across the nation jumped 13 per cent during the first three months this year, but the Justice Department said it was encouraged because violent crimes had increased at a slower rate than in the same period in 1969.

Atty. Gen. John N. Mitchell said the "slowdown trend" in violent crimes—murder, robbery,

Tribute To Youth

Editor The Star: Sometimes it is good to say a word of praise or thanks to an individual or a group of individuals when their actions, conduct or behavior is outstanding or deserving.

I think the young people of Hope and of Hempstead County deserve a brief but sincere word of commendation and praise from someone on the adult side of our community. For nine months, seven and eight hours a day and sometimes at night the young people have worked and played together and have made no special headlines other than in the regular and bonafide activities of the schools. First, to all the boys and girls of Yerger Junior High, THANKS. Then to all the others of the city and county. A good job well done. About two weeks ago I was pleasantly surprised when I received a letter from Berry (Bud) McLarty, president of the Junior High Student Council, and an engraved plaque from Thomas Williams, graduating senior at Hope High School, expressing their appreciation to me for what contributions, they said, I had made to their school life. My thanks to them and to all the others whose behavior indicate the same.

We have a community of fine young people and we are very proud of them. HOPE is and will be just what we, young and old, make it. THANKS again to the young people and to the parents and homes from which they come.

rape and assault—was particularly evident in cities with 250,000 or more population. But property crimes—burglary, auto theft, and larceny of \$50 or more—went up faster than before.

The FBI said reports of violent crimes in all areas of the nation were up 12 per cent in the first three months of the year compared with the same period last year. It said the rate of increase in first-quarter 1969 had been 15 per cent, for a drop in the rate of increase this year of 3 per cent.

In the 58 cities with 250,000 or more population, the first-quarter rate of increase was 17 per cent last year and 10 per cent this year, for a drop of 7 per cent.

However, first-quarter property crimes were up 13 per cent this year and 10 per cent last year—a rise in the rate of increase of three percentage points.

Over-all, crime was up 8 per cent in cities over 250,000, 18 per cent in suburbs and 19 per cent in rural areas.

It rose 17 per cent in Southern and North Central states, 15 per cent in the West and 4 per cent in the Northeast.

Arab Chiefs in Libya for War Plans

By THE ASSOCIATED PRESS

Arab leaders met in Libya Sunday and apparently discussed ways of coordinating activities of the numerous Palestinian guerrilla groups who use their countries as springboards for raids against Israel.

Egyptian President Gamal Abdel Nasser was among the heads of state and others who assembled in Tripoli, ostensibly to celebrate evacuation of American and British military bases in the North African desert nation.

The Libyan news agency said "the Palestinian question and the great number of commando organizations" were discussed. Representatives of the Joint Committee of the Palestinian Guerrilla Organization attended.

Yasir Arafat, the chief guerrilla leader, did not attend but he sent the conference a message urging it to intervene to

prevent new fighting between the guerrillas and the Jordanian army.

"The situation is so grave that a new eruption is likely at any moment," said Arafat, adding that the cease-fire agreement is being "seriously endangered by provocative acts by those who engineered the previous clashes."

Presumably he was referring to antiguerilla elements in the Jordanian army. But dissension has also been prevalent in recent months between moderate and radical factions of the Palestinian guerrillas raiding Israel from Jordan and Lebanon.

Attending the Tripoli meeting in addition to Nasser were Hussein, the Libyan leader Col. Muammar Kadafi, President Hassan El Bakr of Iraq, Syrian President Nureddin El Atassi and Lebanese President Dr. Charles Helou. Kuwait, Sudan, Tunisia, Algeria and Morocco sent lesser ranking representatives.

Meanwhile, along the battle lines, the Israeli air force kept up its daily raids on Egyptian positions along the Suez Canal.

The Egyptian military command said there were two five-hour raids Sunday, with 36

Phantom and Skyhawk jets taking part in the first and 20 Skyhawks in the second.

Israel said all its planes returned safely.

Arab terrorists threw a grenade at a tourist bus in the occupied city of Hebron Sunday, but it missed and wounded two Arabs, the Israeli military command said. They also reported a grenade was thrown at a bank in Khan Unis, in the Gaza strip, but said it caused no damage or injuries.

Israeli newspapers reported today that their government was fighting strong American pressure to agree to territorial concessions to the Arabs.

The papers said Washington was holding up agreement to sell Israel more warplanes until Israel announces acceptance of the U.N. Security Council resolution of November 1967. The resolution calls on Israel to withdraw from Arab land occupied in the 1967 Middle East war and on the Arabs to make peace with Israel.

Israel officials declined comment on the newspaper reports.

Social Security Questions

By KEN HARGIS
If you have any questions regarding social security I invite your letters. Just send them to Ken Hargis, Social Security Administration, P.O. Box 1319, Texarkana, Texas 75501.

Question: I do babysitting in my neighbor's home. Should she pay social security tax on me?
Answer: She should if she pays you at least \$50 cash wages during a 3-month calendar quarter.

Question: My daughter, age 17, is getting married on the 30th of this month. Is she entitled to her usual social security check for this month?

Answer: No. To be entitled to the benefits for any month she must meet all of the requirements every day of the month. Getting married on the 30th will have the

same effect as if she had been married on the first day of the month.

Question: My husband is the owner of a small business. I work for him occasionally and he pays me just as he does other employees. Should social security taxes be sent in on my earnings?

Answer: No. Earnings of an individual working for his or her spouse are not subject to social security tax or to social security credit.

Question: I receive widow's benefits and am almost 65. I want to sign up for Medicare, but I have never worked under social security. Do I have to have any quarters of coverage to qualify?

Answer: No. Since you are receiving widow's benefits, you will automatically be entitled to hospital insurance under Medicare when you reach age 65. You can also sign up for medical insurance if you wish.

Refinery Burns at Franklin, Pa.

FRANKLIN, Pa. (AP) — A weekend fire at the Witco Chemical Co.'s Amille refinery raged more than 30 hours, killed three men and destroyed more than a million gallons of fuel and lubricants.

Refinery Manager L. C. Borrell said about 20 to 40 per cent of the multimillion-dollar facility's production capacity was destroyed by the fire, which began after a series of explosion Friday.

By the time the flames were extinguished Saturday, crumpled hunks of blackened steel were all that remained of about 40 storage tanks. They had contained oil, gasoline and highly volatile naphtha.

Firemen were called back to the scene Sunday when a small storage tank exploded.

The charred body of David Depugh, a volunteer fireman from nearby Cornplanter, was found Saturday along U.S. 322, which runs through the center of the refinery.

The bodies of the other two victims, both refinery workers, were found Sunday in the area where the first explosion is believed to have occurred. They were Kenneth Dunlap and William Wolford.

Fourteen persons were injured in the fire, remained in critical condition at hospitals.

Lucian Leda, a Witco official, said the cause of the initial explosion was still under investigation.

Blast-Torn Town Is Again Safe

By ROBERT BRINK
Associated Press Writer
CRESCENT CITY, Ill. (AP)

Two tank cars containing propane gas still were aflame today, but officials were allowing residents to filter back into this small town which was nearly destroyed by a series of explosions after a train derailment.

Five explosions spread walls of flames through the town after a freight train carrying 15 tank cars filled with liquid propane gas derailed in the center of town just before sunrise Sunday, state police said.

No one was killed. The town of 700 population located about 100 miles south of Chicago was evacuated and sealed off until late Sunday.

Almost 70 persons, most of them firemen, were injured, officials said. All but seven were treated and released from hospitals. Orvel Carlson, Crescent City fire chief, suffered burns on his arms and head.

He was fighting the blaze when a car exploded nearby.

Firemen said the heat from the flaming wreckage was so intense that frame homes some distance from the tracks burst into flames. Part of one tank car that exploded sheared through a house, clipped off a tree and buried itself into the side of another house, witnesses said.

Residents who earlier in the day packed children, pets and a few hastily gathered possessions into their cars and left town, were allowed to return, but not to areas near the derailment scene. Some took refuge in the high school gym, where cots were set up.

Mayor Herbert Sterrenberg said 15 businesses and 15 homes were destroyed. The tiny city hall—charred, with its windows blasted out—remained standing, but the town barber shop, blacksmith shop, hardware store and a tavern were gone.

State police said officials of the Toledo, Peoria & Western Railroad attributed the derailment to a wheel bearing failure.

LONDON (AP) — St. Mary Aldermay, which has stood for 900 years on its ancient Watling Street site in the City of London, has just been re-opened to visitors after extensive repairs and redecoration. Television and Radio

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — Andy Williams has turned over his Saturday Night NBC variety hour for the summer months to a young musician named Ray Stevens. The first show was more or less a shakedown, introducing the star and his supporting cast and setting up some departments and running gags.

The hour, taped in Toronto, has been blueprinted to appeal to the young audience. The humor is broad and physical—Stevens had the cover of the piano keyboard slammed on his fingers twice during the opening show, and a standup comic put on a false nose and dropped his pants.

There was music in the country-western style, and a lot of young performers. Stevens is a pleasant, talented fellow who sings, plays piano and guitar and takes a stab at comedy, the latter in a relaxed, understated style.

Cass Elliott of the Mamas and the Papas is also present and would be more help if they'd just let her sing and never mind the clowning.

The influence of "Laugh-In" and its continuing gags is evident, and a lot of the devices just don't work.

There's Lula the swamp girl who, every few minutes, swings by on a vine with a blood curdling Tarzan cry. There is a recurring two-headed comedy character that was neither comic nor wierd. There is a pair of comedians who do take-offs—it was soap opera in the opening show—while each is completely enclosed in a burlap bag. There is a comedian who tries for laughs by not being funny.

Earlier Saturday, NBC wound up its "American Rainbow" series of children's specials with "A Kid's Eye View of Washington." It was a round of visits to the capital's top tourist attractions, plus a stop at the White House, where President Nixon talked about the importance of today's children in tomorrow's world.

Art Linkletter was both producer of the show and tour leader to a quartet of show business children, who, from start to finish, obediently and professionally read their lines and showed enthusiasm on cue.

Washington is an impressive city, but from the standpoint of a television program, this hour seemed the weakest in the series and the most pedestrian in concept and execution.

Michael H. Dann, CBS's senior vice president in charge of entertainment series and specials, will quit the network to become a vice president and assistant to the president of the Children's Television Workshop, which produces "Sesame Street."

FROM PROTECTOR TO DEFECTOR?

Dear Helen:

My husband believes a woman's place is in the home. Fine, so do I, especially since we have four children under age 10. But he overdoes it, a bit. He protects me from such evils as dances and bars (where affairs are hatched), wrestling matches (the language is too vulgar), the men at his office (they can't be trusted).

He won't even take me to movies unless they're rated "G." He has always been completely true to me and if I even looked at another man he'd probably break him in two. I kid him about being Victorian, but secretly I love being pampered.

So when he dropped the bombshell I was floored. He says most husbands have something going on the side, and while he loves me deeply and our life has nothing to be desired, still he wants the experience of a little fling. He hasn't picked anyone out — and he assures me she will men nothing to him — but this has been on his mind lately. He wants my permission! He wouldn't dream of deceiving me, he says.

Helen, how does a wife face such honesty? — STUNNED

Dear Stunned:

....With quiet assurance that a man who must ask wifely permission to have an affair is either far-out modern or a Victorian plodder who would never get past the starting whistle. The first, your husband isn't!

Note I said "quiet." Aloud, let him know you think he is terribly daring, and when the gander meanders, the goose will also try her wings.

Then plan a weekend vacation — without the kids! —H.

8 Records Beaten at NCAA Meet

By DAVE WHITNEY
Associated Press Writer
DES MOINES, Iowa (AP) — A world, an American, a collegiate and five meet records, plus a professional basketball career were topped in the 49th NCAA Track and Field Championships, which ended here Saturday.

Brigham Young's Ralph Mann ran a sizzling 48.8 440-yard intermediate hurdles to post a world record and help tie Brigham Young for second place in the national team championships with Oregon and Kansas.

California, who last year failed to score a point in the NCAA team championship, captured the title this year with 40 points, five more than the three second-place teams. It was the first time since 1922 that California had won a team title.

Mann's 440 mark, which also stands as an American, a collegiate and a meet mark, erased the old standard of 49.3 set by Bert Potgieter of South Africa in 1960.

Ohio University's Bob Bertelsen hoisted to a 27.57.5 collegiate and meet record in the six-mile run, shaving 1.7 seconds off the old mark set by Doug Brown of Montana in 1965, but Van Nelson of St. Cloud State has a record of 27:58.8 pending since 1968.

Drake University's Rick Wanamaker, who was to have reported to the training camp of the National Basketball Association Sunday, won the first national decathlon championship and called off his basketball career at the last minute.

Wanamaker's 7,406 points in the decathlon will go down as an NCAA meet record since it was the first time in the history of the national championships the event had been held.

Wanamaker said Sunday he would go to South Lake Tahoe, Calif., to try for the national AAU decathlon championship this week and a chance to make the European tour with the U.S. Track Team this summer. After that he will begin working for tryouts on the 1972 U.S. Olympic team.

"The 1972 Olympics were the main reason I decided not to go to professional basketball," he said. "I found out at the last minute that even taking expense money from Cleveland was enough to make me a professional and keep me out of amateur track and field events for life."

Oregon's brilliant freshman distance runner Steve Prefontaine posted a 13:22.0 meet record in the three-mile run, bettering the record of 13:22.0 set by Gerry Lundren of Washington State in 1966.

Prefontaine ran the race after cutting his foot in a swimming pool accident. It took six stitches to close the wound on the bottom of his foot, and Prefontaine ran with it heavily taped.

The other meet record was set by Sidney Sink of Bowling Green in the 3,000-meter steeplechase. Sink ran the obstacle course event in 8:40.9, bettering the Jim Barkley of Oregon State last year.

Ed Harris, NLR, Is State Winner

PINE BLUFF, Ark. (AP) — Ed Harris of North Little Rock fired a 78 Sunday for a total of 294 to win the State Medal Golf Championship here.

Kerman Styles of Pine Bluff finished second with a 79 and a 296 total and Tony Peterson of El Dorado was third with a 75 and 299.

Cards Take Double Bill From Cubs

By DICK COUCH
Associated Press Sports Writer
Hank Aaron has rifled a double-barreled salvo across the generation gap... catching Lou Gehrig and Larry Dierker in the same field of fire.

Aaron drilled two home runs off 23-year-old Dierker Sunday to pass Hall of Famer Gehrig in the all-time extra base hit parade and lead the Atlanta Braves to a 6-4 victory over the Houston Astros.

The venerable Atlanta slugger hit two-run homers in the first and fourth innings for a total of 1,191 extra-base blows... one more than Gehrig amassed in his legendary career with the New York Yankees. Aaron is now fourth on the lifetime list, behind Stan Musial, Babe Ruth and Willie Mays.

Dierker has been the victim of seven of Aaron's 576 career homers, but Hammerin' Hank gave the shell-shocked young fireballer a paternal pat on the back after contributing to his sixth straight setback.

"I'd have to put Dierker in a class with Tom Seaver of New York," Aaron said. "As far as those seven homers go, I guess I just took advantage of him when he was a youngster."

"I have to, because one day they are gonna take advantage of me."

Elsewhere in the National League, St. Louis swept a doubleheader from the Chicago Cubs 3-0 and 3-2; Cincinnati divided a pair of 9-3 verdicts with Los Angeles; San Francisco whipped San Diego 7-2 and Montreal edged Pittsburgh 3-2. The Philadelphia-New York Mets game was rained out.

In the American League, Baltimore topped Washington 4-2; Minnesota bombed Kansas City 11-2; the New York Yankees outscored Boston 14-10 in 11 innings; California shaded Milwaukee 6-5 in 10; Detroit took two from Cleveland 7-2 and 9-8 in 12 innings and Oakland swept a pair from the Chicago White Sox 6-3 and 5-4.

Aaron's 21st and 22nd homers of the season and Rico Carty's No. 17 blast helped Jim Nash, 9-2, subdue the Astros with last-out help from Bob Priddy.

"That guy there is the all-time greatest," Nash marveled, pointing a finger at 36-year-old Aaron, who was soaking his feet in a tub of ice water after his Fathers Day fling.

Steve Carlton fired a six-hit shutout in the opener and Bob Gibson checked the Cubs on seven hits in the second game as the Cardinals climbed within 4½ games of the East Division lead.

"You don't get tired of catching a couple of pitchers like that," said Joe Torre, who worked 18 innings behind the plate and won the nightcap with an eighth inning homer. "They were right in there all day. I hardly had to move at all."

Rookie Wayne Simpson breezed to his 10th victory against one loss as the Reds rebounded to paste Los Angeles after the Dodgers handed Jim Merritt, 11-6, his third straight loss in the opener.

Johnny Bench led Cincinnati's second-game assault with a two-run double and a two-run homer that tied him with teammate Tony Perez for the major league lead at 24. Wes Parker and Jim Lefebvre had three hits apiece for the Dodgers in the opener.

The Giants broke a 2-2 tie on Hal Lanier's run-scoring infield single in the sixth and went on to rip San Diego behind Don McMahon's hitless relief pitching over the last four innings.

Rich Nye, making his first start for the Expos after being recalled from the minors, limited Pittsburgh to seven hits and catcher John Bateman delivered the winning run with a fifth inning single.

Says Earlier Match Best Game

SALT LAKE CITY (AP) — Jeff Borowiak of UCLA says his victory this weekend over Stanford's Roscoe Tanner for the singles title wasn't his most important victory of the NCAA Tennis tournament.

"I felt my semifinal match Friday was more important," Borowiak told newsmen Saturday after winning the singles crown.

The reason: the semifinal victory over Mike Estep of Rice assured UCLA of the team title. UCLA finished with 26 points while Rice and Trinity, who both had a shot at a tie for the team title before the semifinals, trailed with 22 each.

The favored Louis Barla defeated Tanner and Bob Ripper in the doubles finals 7-5, 6-1.

7 Consecutive Hits for Detroit

Associated Press Sports

The Detroit Tigers call Cesar Gutierrez "Cocoo," but they may have to change his nickname to "7-Up."

The peppery shortstop from Venezuela wrote himself into the record books Sunday when he became the first player in modern major league history to get seven consecutive hits in a game—six singles and a double—as the Tigers edged Cleveland 9-8 in the 12-inning nightcap of a doubleheader.

Gutierrez sat out the opener, won by the Tigers 7-2.

"When I got the sixth hit," said Gutierrez, "coach Wally Moses said I had some kind of record. I said 'I'll try for seven, but never in my life did I ever think of a record.'"

He got it in the 12th after Mickey Stanley homered to break an 8-8 tie—an infield single off the glove of pitcher Phil Hennigan. The only other player ever to get seven consecutive hits in one game was Wilbert Robinson of the Baltimore National League club on June 10, 1892. He also had six singles and a double.

John Burnett of Cleveland set the record of nine hits in one game July 10, 1932. He went 9-for-11—seven singles and two doubles—in an 18-inning contest, but the hits weren't consecutive. The only other player ever to collect as many as seven hits in a game was Detroit's Rocky Colavito, who went 7-for-10—six singles and a triple—on June 24, 1962.

Elsewhere in the American League, Baltimore beat Washington 4-2, the New York Yankees outslugged Boston 14-10 in 11 innings, Minnesota trounced Kansas City 11-2, California shaded Milwaukee 6-5 in 10 innings and Oakland took two from the Chicago White Sox 6-3 and 5-4.

In the National League, St. Louis swept the Chicago Cubs 3-0 and 3-2, Cincinnati lost its opener to Los Angeles 9-3 and won the second game by the same score, Atlanta turned back Houston 6-4, San Francisco whipped San Diego 7-2 and Montreal nipped Pittsburgh 3-2. The Phillies and Mets were rained out in New York.

Gutierrez, a 155-pounder who was sold from San Francisco to Detroit last September, raised his average from .226 to .255 as he looped a single to center in the first inning, singled to left in the fifth, doubled to deep short in the seventh, singled to right in the eighth and beat out a hit behind second base in the 10th before his record-breaker.

"I've been hitting the ball good but I haven't been getting on," Gutierrez said. "Sometimes you have to be lucky. I swing a heavy 36-ounce bat and I do not go for the long ball. I hit bloopers."

Gutierrez' eighth-inning single tied the score and enabled him to come to bat twice more and earn a niche in baseball history. Clubhouse man John Hand must have known something when he issued Gutierrez uniform number 7.

Jim Northrup hit a pair of two-run homers and Al Kaline hit one as the Tigers rallied from an early 6-1 deficit. Tony Horton belted a grand slam and Chuck Hinton and Ted Uhlaender hit solo shots for the Indians.

The Tigers snapped Cleveland's seven-game winning streak in the opener as Norm Cash homered and Elliott Madcock, Dick McAuliffe and Stanley each drove in two runs.

Dave McNally needed relief from Pete Richert in the ninth but registered his 100th career victory as the Orioles completed a four-game sweep of the Senators and maintained their three-game lead over the Yankees in the AL East.

Trailing 2-1, the Orioles pushed across three runs in the third against Dick Such on a pair of walks and singles by Brooks Robinson, Terry Crowley and Dave Johnson.

The Yankees erupted for six runs in the 11th inning to beat the Red Sox for their 14th win in the last 17 games. Danny Cater started the uprising with a single, his fifth straight hit, and singles by Thurman Munson and Ron Hansen loaded the bases.

Jerry Kenney and relief pitcher Lindy McDaniel cracked two-run singles and the final two runs came around on Horace Clarke's single, his fourth hit, Bobby Murcer's double, the team's 21st hit, and Cater's sacrifice fly.

Harmon Killebrew belted his 17th homer and Leo Cardenas slammed a three-run double as the Twins, aided by five Kansas City errors, ended their longest losing streak of the year at three games. Jim Perry, 10-5, picked up the win, with help from Ron Perranoski in the seventh.

The Angels fell behind the Brewers 5-4 in the top of the 10th on Mike Hegan's double and Bob Burdette's single, but rallied for two runs in the bottom half on Jim Fregosi's single, an error by left fielder Russ Snyder, Alex Johnson's bloop double and Jay Johnstone's double.

Fregosi homered for the Angels, who tied the score in the eighth on Joe Azcue's double, a sacrifice and Sandy Alomar's two-out single.

Sal Bando drove in three runs with a pair of homers and Bert Campaneris also homered for the A's in their second-game victory. In the opener, Catfish Hunter became the AL's first 11-game winner with an eight-hitter, although tagged for homers by Bill Melton and Syd O'Brien.

Back in the '30s Fred Perry, the last Briton to win the Wimbledon men's title, was champion for three years running. Laver is a strong favorite to do the same.

George "Butch" Seewagen, of Bayside, N.Y., was Laver's first round opponent, and nobody gave him much of a chance.

Seewagen won the first U.S. Amateur title at Forest Hills two years ago but has not played at Wimbledon before.

Laver, 31, has been sharpening up his game on English grass courts during the last two weeks. He worked up towards peak form by winning the London Grass Court Championships at Queen's Club last week, defeating fellow Australian John Newcombe 6-4, 6-3 in the final.

The Australian left-hander, is out to win Wimbledon for the fifth time in ten years—a feat achieved by no other player since H. L. Doherty at the start of this century.

Laver won the title first in 1961. He won it again in 1962 and then turned professional and was outlawed from Wimbledon until Open tennis was sanctioned in 1968.

Since then he's been unstoppable at Wimbledon.

She came within one-tenth second of the quarter-mile record set by Judy Pollock of Australia in 1965.

Nevertheless, she ran far below the American record of 53.3 by Charlotte Cooke of Los Angeles in 1966.

after the first round and won a combined purse of \$2,725.

Jacklin, the son of a lorry driver in Scunthorpe, Lincolnshire, laid his championship foundation in the first round with the day's only subpar round, 71, from a wind-disturbed field of 150. Ben Hogan was the last player, in 1953, to lead every round.

Jacklin joined Trevino as the only Open players to beat par on every round. He also became the first man since Jack Nicklaus in 1966 and 1967 to hold the British and U.S. Open titles simultaneously.

Jacklin's margin of victory was the biggest since Jim Barnes beat Walter Hagen and Fred McLeod in a 1921 playoff.

And Jacklin said putting was the reason for it all. He threatened only three times in the tournament.

Jacklin did not have money on his mind when he went into the U.S. Open final round over the par 72, 7,151-yard Hazeltine National Golf Course with a four-stroke lead over controversial Dave Hill.

"When I won the British Open last year," said the dark-haired Briton, "I became financially secure for life. I didn't think much about money this week. I know this might be worth a million dollars to me."

"I might go out and buy a new car and a television set."

The Open title was worth \$30,000 in prize money and Mark McCormack, Jacklin's manager, estimates the championship is worth a million dollars.

Jacklin, the first Englishman to raise the union jack over the U.S. Open since Ted Ray in 1920, credited his deadly putter with settling him down on the ninth hole of Sunday's round after bogeys on seven and eight. He took a birdie on No. 9 with a 25-foot putt.

Jacklin still was not convinced that Hill, who boiled in controversy when he lambasted the Hazeltine course and architect Robert Trent Jones earlier on the week, was all the way out of it.

But Hill bogeyed two of the last three holes and finished seven strokes back after his 73. Hill, fined \$150 for his criticism, won \$15,000.

Bob Charles, the New Zealand left-hander, tied the course record with a five-under 67 and deadlocked Bob Lunn, who had 70, at 289. Each won \$9,000.

Ken Still's 71 gave him 291, Miller Barber was at 292 and Gay Brewer 293. Lee Trevino and Billy Casper were among the 294s.

Golf's big three of Gary Player, Arnold Palmer and Jack Nicklaus were never really in it.

Donohue Returns to Competition

By BLOYS BRITT
AP Auto Racing Writer

Mark Donohue, one of America's premier road racers, finally got his new race car untracked Sunday and put himself back into contention for a third driving title in a row in the 1970 Trans-Am series.

"It's a new ballgame," the 32-year-old mechanical engineering graduate from Media, Pa., said after winning the rain-drenched Marlboro 200 at Bridgehampton, N.Y., fifth stop on the 14-event circuit for Detroit's powerful pony cars.

Donohue, whose blue and gold Camaros were the scourge of the Trans-Am in 1968 and 1969, drove an American Motors Javelin to a convincing two-lap triumph over the Mustangs of George Follmer and Parnelli Jones in a driving rain storm. It was his first victory of the season.

The blonde, crew-cut veteran and his car owner and mentor, former driving great Roger Penske, had switched to the Javelin this year in a deal said to be worth millions. Penske, who also built the car Donohue drove to a second-place finish in the 1970 Indianapolis 500, had promised at least seven Trans-Am wins.

It had begun to look as if it was an idle boast. But Donohue recalled Sunday that he didn't win his first race last year until the sixth time out. He and co-driver Ron Bucknum then won seven in a row to take the series going away.

Follmer, a versatile 36-year-old from Arcadia, Calif., placed second behind Donohue. Jones, the 1963 Indy winner, was third.

Since Jones had won three of the first four events and Follmer the other, Mustang still leads the series points chase 41-25 over Javelin.

Elsewhere, Jochen Rindt of Austria won the Dutch Grand Prix at Zandvoort, Netherlands, in a race marred by the death in a crash of Piers Courage, the 28-year-old British millionaire driver.

Courage died when his car spun off the track and caught fire as it plunged into the wooded area known as Het Bos. His death was the first in a Grand Prix race since Lorenzo Vandini of Italy perished in his flaming Ferrari at Monaco three years ago.

Rindt, driving a Lotus, covered the 208.8 miles at an average speed of 113.08 miles per hour. Jackie Stewart of Scotland finished second and retained his lead for the world driving title with 19 points after five races. Rindt has 18.

Tiny Lund won the GT200 NASCAR at Maryville, Tenn., Saturday night. On Sunday, Jack Hinkle took the 100-mile feature at Elkhart Lake, Wis., in the June Sprints sports car competition and Don White the 100-lap feature for U.S. Auto Club stock cars at West Chester, Ohio.

Driver Steve Backeneller of Rockford, Ill., died of head injuries suffered in a crash during the Saturday night racing at Elkhart Lake.

At Pittsburg, Kan., Marvin Smilie of Lee's Summit, Mo., was killed in a two-car pileup Sunday at the Mo-Kan drag strip.

Sukarno Rites at Birthplace

By ED BLANCHE
Associated Press Writer

JAKARTA (AP) — The body of Sukarno, Indonesia's founder and first president who spent the final years of his life in isolated house arrest, was flown today to his birthplace in East Java for a state funeral.

An estimated 100,000 Indonesians, many of them weeping after an all-night vigil, lined the 12½ miles from Sukarno's mansion on the outskirts of Jakarta to Halim Air Force Base.

Another 20,000 persons swarmed around the base for a last glimpse of the wooden casket containing the remains of the man they knew as Bung Karno, Brother Karno, the man whose spell-binding oratory cemented their sprawling archipelago into a nation and led the fight that brought them independence from the Dutch.

A police band played the national anthem in dirge time as the onlookers climbed into trees, clambered over roofs, jammed upper story windows and pressed close to the plane that was to carry Sukarno's body to the final rites in Blitar.

Sukarno died Sunday morning at the age of 69 after years of kidney trouble and other ailments had left him a crippled, voiceless shell of the forceful, magnetic leader who for more than a decade ruled one of the world's largest nations as a virtual dictator.

President Suharto, who ousted Sukarno in 1966 after an abortive Communist coup which had at least the tacit approval of Sukarno, reminded members of his cabinet and of the military that as Indonesia's first president, Sukarno was entitled to the state burial. However, the government barred him from the national heroes' cemetery in Jakarta.

Suharto's decision to hold a state funeral, like his refusal to charge Sukarno with involvement in the attempted coup, was based on political expediency. The first president was revered by the Indonesian masses for the part he played in wresting the nation from the Dutch.

were satisfied with their roles as citizens and urged them to become better informed about conditions before taking action. He stressed the importance of voting in July on the form of government we want for our city.

"The world has experienced several kinds of revolutions—Military, cultural, industrial—and today we are living in a social revolution," he said. Though he didn't mention that he was speaking on a date long celebrated as Emancipation Day, he traced the changes wrought by Negro leaders from the education and research promoted by Dr. George Washington Carver to the non-violent demonstrations advocated by Dr. Martin Luther King to the current trend of "Rap" Brown and Dick Gregory.

The signs of the times seem to be "a lot of people talking but nobody listening," the Rotarians were told, and in conclusion it was stated that changes were inevitable and the important thing is how we accept them.

After President Benny Coleman and the entire club had offered silent prayers for the recently deceased District Governor Lee Spencer and his family in Conway, Bob Roberts voiced the invocation. Dr. Imron Bruce of Magnolia, President of Southern State College, was visiting Rotarian. The club members voted to dispense with the meeting scheduled for July 3.

Record Haul Is Made in Drug Raids

By CARL C. CRAFT
Associated Press Writer

WASHINGTON (AP) — Atty. Gen. John N. Mitchell, elated by mass arrests stemming from what he called "the biggest operation of its kind," hints federal agents are planning more attacks on organized trafficking in narcotics.

Mitchell indicated more is to come in announcing Sunday that 190 persons, mostly Cuban refugees, had been named in complaints or warrants as part of what officials said was a ring controlling most of the cocaine and a large share of the heroin traffic in the United States.

The Justice Department said early today 137 persons had been arrested in 10 cities as part of Operation Eagle, the code name for a six-month undercover investigation that culminated in weekend raids across the nation.

Two of those arrested were critically wounded by federal agents—one in New York, the other in Miami.

While personally disclosing developments at a swiftly called news conference Sunday, Mitchell gave much of the credit for Operation Eagle to legal wire tap provisions.

He also pointed to the shooting incidents as fresh support for his stand that Congress should pass President Nixon's anticrime proposal providing no-knock entry. "It would have been a great help to us," he said.

The attorney general said the two wounded men were among three men who "resisted when agents announced their presence." Agents shot one man in his home after they said he aimed his weapon at them. The other man was shot in a car by an agent who reported being grabbed on an arm and dragged about 75 feet after the car which agents forced to a curb began pulling away again.

Meanwhile, Mitchell told reporters "quite a few" operations of the scope of the one climaxed during the weekend can be launched within a year.

Asked if there are more coming, he replied with one word: "Undoubtedly." When questioned if they would be coming soon, he responded again with just one word: "Hopefully."

The attorney general said Operation Eagle was aimed at diminishing "the flow of hard narcotics into and within the United States."

"By concentrating the federal enforcement on the sources—that is, wholesalers and distributors of narcotics—we believe we can interrupt the supply lines sufficiently to curtail addiction particularly among our young," he said.

School Row Case Reversed

By BILL SIMMONS
Associated Press Writer

LITTLE ROCK (AP) — The Arkansas Supreme Court reversed and dismissed today the convictions of Mr. and Mrs. Joe Neal on a charge of creating a disturbance on school property at Arkadelphia and declared unconstitutional the law under which they were convicted.

Neal and his wife, Barbara, were convicted in municipal court at Arkadelphia in connection with their student organizing activities on the campus of Henderson State College.

The charge was filed under Section 41-1431 of the Arkansas statutes, which provides it is a misdemeanor to create a disturbance "in any way whatsoever" on any public school property.

Punishment on conviction is a

fine of up to \$500, imprisonment of up to six months or both. The Neals contended the law was unconstitutional because it was too vague.

In the 5-2 decision, Justice Lyle Brown wrote for the Supreme Court majority: "It is difficult to conceive of language more vague than that which declares one a law violator when he 'creates' a disturbance of the peace 'in any way whatsoever'."

Brown said the same would apply to that section of the law which makes it a misdemeanor to use "offensive talk" or to make attempts at intimidation. The statute also forbade "any other conduct which causes a ... threatened breach of the peace."

"We have no hesitancy in including that men of common intelligence would have to guess as to just what conduct is proscribed by those phrases," Brown wrote.

He said the U.S. Supreme Court has ruled against similar phraseology in similar cases.

The appeal was from a ruling by Municipal Judge J. E. Still

of Arkadelphia after Still's decision had been supported by the Clark County Circuit Court. Justices John A. Fogleman and J. Fred Jones dissented.

The Neals were accused of creating a disturbance on Feb. 21, 1969, in the student union building at Henderson.

The charge said loud and offensive language and the distribution of "offensive literature designed to incite the emotions of the students" were used against the "peace and dignity of the state."

In a dissenting opinion, Fogleman said his reading of the law convinced him that the statute did not forbid any conduct unless a disturbance or breach of the peace was created.

The phrases Brown described as too vague were characterized by Fogleman as "merely descriptive of conduct which may or may not result in a breach of the peace."

It Took Fifty Years To Get Out of "Red"

By Roy Anderson

Soon all registered voters in Hope will have an opportunity to vote to change backward to the old "Mayor-City Council" form of government OR continue the present "City-Manager Form." I will vote to continue the City-Manager Form.

Because: Hope has made more progress in the past 12 years under the City-Manager Form than in the past 50 years of Mayor-Council form.

Because: More people are employed at better wages than ever before.

Because: People now employed by the City — the Police Department, Fire Department and other departments necessary for the operation of a City, now get their jobs on capability and efficiency, instead of just being somebody's kinfolks needing a job.

Because: Twelve years ago the City was in debt, and growing deeper in debt each year — the bonded indebtedness was \$765,000, the bonds secured by the revenues of the municipally owned Water and Light Plant. Now, under efficient management of the City-Manager Form, this debt is paid down to \$190,000 and funds already set aside to retire the total debt.

Because: Under our present City-Manager Form the City of Hope is now out of the red and in the black, the first time in 50 years, all without any increase in your City taxes and without any increase in Water and Light rates (which have been reduced twice in the past 10 years).

Because: More than 100 people now serve on various committees — without pay—including the seven Board of Directors, elected by the voters who too serve without pay — just to help make Hope a better place to live.

Because: Now all purchases over \$500., supplies, equipment, cars, trucks, insurance, needed for the operation of the City, are now let on sealed bids, and not because they know someone on the City Council.

Because: Now under present City-Manager Form all electric connections and plumbing connections are inspected by a man who knows the National Code, adopted by the City. All this is for the protection of the property owner.

Because: Our City taxes have not been raised in 12 years. Some of us may have short memories — do you remember when you use to have to haul off your trash and garbage?

Because: Hope has obtained more new industries, employing more Hope people at higher wages in the past 10 years than ever before.

I trust you will vote with me to continue the present City-Manager Form of Government and for progress and a better Hope.

TO RETAIN THE CITY MANAGER FORM OF GOVERNMENT, MARK YOUR BALLOT ON JULY 14 IN THE FOLLOWING MANNER:

FOR the proposition to reorganize the City of Hope under the MAYOR COUNCIL form of government.

AGAINST the proposition to reorganize the City of Hope under the MAYOR COUNCIL form of government.

Oswald: "Remember the Sherlock Holmes story about the dog that didn't bark in the night?"

Jim: "Holmes deduced that the dog must have known the person who came by, didn't he?"

Oswald: "Yes. In the same way you can deduce a lot by bids that aren't made."

Jim: "Here's a hand to illustrate. West opened the ace of hearts. East produced the deuce and West shifted to a club. Dummy's queen lost to East's ace and the jack of clubs was returned to dummy's king."

Oswald: "At this point South had two chances for his contract. Slim and none. He decided the slim chance was worth taking so he promptly played dummy's ace of diamonds. When East dropped the king, South played his 10. Then he drew trumps, led his six of diamonds. Finished against West's nine and made the rest of the tricks."

Jim: "South had really taken a slim chance since his play could only succeed if East held the singleton king of diamonds. On the other hand the rather normal play of taking a diamond finesse represented no chance at all. South knew that East held the king of diamonds just as surely as if he had waved it in his face."

Oswald: "The dog hadn't barked or, putting it in bridge terms, West hadn't responded to the opening heart bid. West had shown up with the ace of hearts. He just couldn't hold the king of diamonds also."

Decline and Fall of National Council of Churches

Apparently time is running out for that contentious and noisy organization known as the National Council of Churches. A UPI week-end dispatch reports that leaders of 33 Protestant and Orthodox denominations are gathering in Washington, D. C., to decide whether the council "can be revived or must be replaced."

From this layman's viewpoint the best solution would be to scrub out the old effort entirely—and, odds are that is exactly what will happen.

The National Council depends for its existence upon contributions from affiliated churches, and said contributions are falling off drastically because the memberships of the individual churches are showing their displeasure by forbidding the use of any part of their pledges to support the national group. So the council's financing has declined to the point where its very existence is now threatened.

In some respects the National Council of Churches suffers from the same bad image incurred by the Ford Foundation (no relation of the motor company). Both are tax-exempt and both are accused of violating the tax laws by thrusting themselves into political campaigns—thereby pitting tax-exempt funds against the taxable contributions of the other side. The Ford Foundation, you will recall, kept putting tax-exempt money into so many social campaigns that it was finally caught in the act of financing a mayoralty campaign in Cleveland, Ohio.

The fundamental cause of the breach between contributing laymen and the council is the average citizen's distrust of remote and omnipotent super-organizations.

A churchman may quarrel with his own pastor, but concedes him the all-American right of dissent. But the churchmen's temperature rises when he hears disagreeable philosophy from a remote prince of his own church—and when it is voiced by the 33-members banded together as the hodge-podge National Council he literally blows his fuse and cuts off the money.

Perhaps the churches suffer from the same malady that is said to afflict professional educators—over-organization, an unalterable tendency to come up with a scheme of things in which there are always more chiefs than Indians.

Whether in religion or education—the Indians don't like it...

7 in State Lose Lives on Highways
By THE ASSOCIATED PRESS
Seven persons lost their lives on Arkansas highways this past weekend, two were double fatality accidents.

Officials said Gertie Cunningham, 50, and Gladis Moore, 50, both of Fisher were killed when their car collided with a Continental Trailways Bus on U.S. 67 near Fisher Sunday. No one was injured in the bus.

Police said Jerry Wayne Smith, 18, of Ola was killed Sunday morning in a one-car accident, 14 miles south of Dardanelle on Arkansas 28.

A. T. Coleman, 61, of Rosebud died in a two-car crash on U.S. 161, west of Beebe Saturday night. Police said the accident occurred when Coleman's car hit another car head-on at the crest of a hill.

In another double fatality, Billy Joe Harrison, 36, of Hot Springs and Jimmy Burroughs, 13, of Bismark, were killed in a head-on collision of a panel truck on Arkansas 7, north of Bismark. Burroughs' mother, Mrs. Josephy Burroughs, was hospitalized.

Police said Victor McGuire, 28, of Flippin was killed Friday night when his car ran beneath a truck on a county road east of Flippin. McGuire apparently lost control of his car, it struck the front of the truck and then ran beneath the truck.

Bond Issue Election Tuesday

Tuesday is election day in the City of Hope as qualified electors go to the polls to vote on a \$250,000 Act 9 bond issue for the expansion of Meyer's Bakery.

The polls will open at 8 a.m. and close at 7:30 p.m. There will be four polling places:

All qualified electors in Ward One will vote at Hope Fire Station.

Ward Two will vote in the little courtroom of the courthouse.

Ward Three will vote in the Hope City Hall.

Ward Four electors will vote at the Youth Center.

This will be the second Act 9 Bond Issue for the expansion of Meyer's within the past few years and on both occasions it has meant more employment for Hope. The bond issue requires no tax to support it, being based on the Company's ability to pay off the bonds over a given period of years.

These are also tax-free bonds; however, Meyer's, as it has in the past, will pay a sum to the City and County equal to the amount of taxes that it would ordinarily pay should the bonds not have been tax free.

On February 3 this year, Hempstead County voters endorsed a \$450,000 Act 9 Bond Issue for Standard Generator Co. by the overwhelming total of 1,674 for and only 92 against. A subsidiary of Missouri Research Laboratories, Standard Generator's expansion program is already underway and will create 150 new jobs when finished.

Jerry Winer, local Meyer's manager, stated that a new line of products will be offered by his firm and should be in production by August 1, with 45 new employees operating on a two-shift basis. This will increase employment at the plant to more than 200.

If You Feel You're Working for Gov't. Fact Is, It's True

By HAL BOYLE
NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Do you sometimes feel you're working more for the government than for yourself? The fact is, according to the Tax Foundation, that taxes now take from 35 to 37 per cent of the total national income.

The average American now works two hours and 43 minutes a day to pay his taxes, 59 minutes for his food, 57 minutes for his housing, and 18 minutes for his recreation. In the past five years government taxes have grown 1 1/2 times as fast as the nation's gross national product.

They were thought also to have the power to make the wearer invisible. But the more diamonds a guy gives a girl today, the more likely he is to see more of her.

Wild Marijuana Is Next Target

WASHINGTON (AP)—The federal government has announced a program to wipe out wild marijuana during the current growing season, before traffickers in the weed can harvest it.

Marijuana grows wild in parts of the nation, particularly the Midwest. The problem dates back to World War II when the plant was cultivated as a substitute for manila hemp.

U.S. Troops Withdrawing in Cambodia

By RICHARD PYLE
Associated Press Writer

SAIGON (AP)—U.S. and South Vietnamese troops reported their hardest weekend of fighting in Vietnam in more than two months, but enemy pressure eased across Cambodia and U.S. troops began their major withdrawal from border areas.

South Vietnamese forces claimed a Mekong Delta victory Saturday in which 70 enemy were killed, and said 49 more were slain in two battles Sunday in the same region.

Action involving American units tapered off after an upsurge of sharp fighting which helped to push the enemy toll for the weekend past 220.

The U.S. Command disclosed that portions of two battalions of the 1st Air Cavalry Division's 2nd Brigade began moving back across the border into South Vietnam today, with more expected to move Tuesday.

The movement, involving several hundreds of troops, marked the beginning of the American pullout from Cambodia that is scheduled to be completed by a week from Tuesday, the June 30 deadline set by President Nixon. Some 9,700 Americans were still across the border when the withdrawal began, military sources said.

Partner west in Cambodia, Communist forces relaxed their pressure on the long-embattled provincial capital of Kompong Thom, 80 miles north of Phnom Penh, but it appeared that both sides were taking a breather before what might be a showdown battle.

North Vietnamese troops had captured about half of the battle.

Ibarra Turns Peru Into Dictatorship Require Jury If Jail Term Is 6 Months

QUITO, Ecuador (AP)—President Jose Velasco Ibarra took dictatorial powers Sunday night after a week of street fighting between students of Quito's Central University and police. Some fighting was reported on the campus early today, and shooting could be heard there through the night.

The official reason for the takeover was an imminent Supreme Court ruling declaring presidential tax decrees unconstitutional. But observers believed the real reason was the student "rebellion" against the government.

Velasco Ibarra's assumption of dictatorial powers was said to have the full support of the military, and it was believed the real strongman in the new dictatorial regime is the president's nephew, Defense Minister Jorge Acosta Velasco.

The army launched a sweeping roundup of leftist leaders, and paratroopers occupied the campuses of colleges throughout the nation of 5.5 million. One of the leftist leaders ordered arrested was Vice President Jorge Zavala Baquerizo, whose whereabouts were not known.

Among those arrested was Manuel Aguirre, the rector of Central University. Two days ago, Aguirre led some 15,000 students in a meeting on the university's campus to protest the terrorist bombing of the university printing shop. Aguirre and the students maintained that army paratroopers were responsible for the attack.

Velasco Ibarra is 77, and it was generally believed that his nephew, Defense Minister Jorge Acosta Velasco, was the architect of the coup. However, all members of the cabinet reportedly approved it, along with the military leaders.

Velasco Ibarra was elected to a four-year term in 1968. He had been president four times before but had completed only one of those terms. He returned from exile in 1968 to campaign for his fifth term.

Two weeks ago, the president issued four economic decrees levying new taxes. He learned over the weekend that the Supreme Court was preparing to rule the decrees unconstitutional on the ground that only Congress could levy taxes, and on Sunday night the president resigned, saying in view of the impending court decree he did not wish to continue in office. But the High Command refused to accept the resignation and instead urged him to take full powers.

The president was reported preparing to declare a state of siege throughout the country, a form of martial law. It was learned that one of his first dictatorial decrees also would outlaw communism and the Communist party.

In taking full power, Velasco Ibarra dissolved Congress, suspended the constitution and put all banks and foreign exchange dealings under government control.

The military was reported ready to put down any attempts to demonstrate against the coup. But most Ecuadorians slept through the night without knowing what had happened.

Campaign Key Fiscal, Says Compton

LITTLE ROCK (AP)—Robert Compton of El Dorado, who is running for the Democratic gubernatorial nomination, said Sunday that the basic problem in Arkansas is low income.

In a television program he said the pay scale is too low and that employers do not have the tax incentives to increase salaries.

He said if he were elected governor the first thing he would do would be to devise a "realistic and acceptable fiscal program."

Compton says the only real issue in the campaign is money and fiscal affairs.

WASHINGTON (AP)—The Supreme Court ruled 5-3 today that New York City must provide jury trials for crimes that are punishable by more than six months in prison.

Such crimes, even when labeled misdemeanors, are "serious" and a person accused of committing them is entitled to the right to be tried by a jury, said Justice Byron R. White.

New York officials had told the court that the centuries-old procedure of having judges alone try misdemeanors in New York City was necessary in light of overcrowded criminal courts.

Justice White, announcing the judgment, said the length of the sentence a criminal offense carries determines whether it is serious or "petty" for purposes of the right to trial by jury. He noted that in the entire nation, New York City alone denies an accused the right to a jury trial in face of a possible prison term of over six months.

The ruling settles a question left open by the court in recent decisions dealing with the right to a trial by jury as it is guaranteed by the 6th Amendment to the U.S. Constitution.

WASHINGTON (AP)—Breaking away from 72 years of tradition, the Supreme Court ruled 7 to 1 today that juries in criminal trials may be composed of less than 12 people.

"We hold that the 12-man panel is not a necessary ingredient of trial by jury," said Justice Byron R. White for the court. Justice Thurgood Marshall was the sole dissenter.

The ruling specifically approved Florida's six-man jury. But it left open the question whether juries may consist of less than six people.

Back in 1898 the Supreme Court gave common law the strength of constitutional command by requiring 12-man jury trials.

Today's decision said "that particular feature of the jury system appears to have been an historical accident, unrelated to the great purposes which gave rise to the jury in the first place."

At present 13 states besides Florida use juries of less than 12 members for criminal trials.

Nine of the 14 states provide a jury of less than 12 where the offense carries a one-year maximum prison penalty. They are Alaska, Georgia, Iowa, Kentucky, Mississippi, New York, Oklahoma, Oregon and Virginia.

Only five states, including Florida, use juries of less than 12 members when the crimes carry penalties of more than a year in prison.

New Force in Senate Is GOP Liberal Bloc Opposing President

By H. L. SCHWARTZ III
Associated Press Writer

WASHINGTON (AP)—In the Senate battle over Cambodia, President Nixon once again is being opposed by a band of Republican rebels who have turned a casual weekly get-together into an influential political bloc.

Known informally as the "Wednesday Luncheon Group," they are a loose-knit, leaderless faction with a flexible membership that hovers around a dozen.

Each week they drift together in the office of a member who sometimes may forget its turn to be host, if indeed he has

even been told. There, with increasing frequency, these Republicans are finding it easier to swallow the Capitol's chancy luncheon fare than the policies of their President.

Although called liberal-moderates by most people, they are a divergent group. The membership ranges from James Pearson who must keep a watchful eye on his conservative base in Kansas, to Charles Goodell of New York, noted for his Edward

Big Funds for Penn Central State War on Crime

LITTLE ROCK (AP)—Gov. Winthrop Rockefeller said Saturday that a federal allocation of \$1,787,000 would give the Arkansas Commission on Crime and Law Enforcement "tools for its war on crime."

The funding was announced Friday by Sen. John L. McClellan, D-Ark. The allocation must be matched with \$908,982 in local money and \$426,650 in state money.

In a prepared statement, Rockefeller said the funds for fiscal 1970 were allocated on the basis of the Arkansas Comprehensive Law Enforcement Plan. The plan was submitted in Washington in April.

The breakdown of the funds requested included: additional law enforcement personnel, \$120,000; improving training and administration facilities, \$150,000; public education for crime prevention, \$100,000; prevention and education of narcotics and dangerous drugs, \$91,700; improving state training school facilities, \$160,000; communications network, \$541,300; criminal investigation units, \$333,400; prevention of riots and civil disorders, \$133,330; and computer, \$280,000.

Prices on the New York Stock Exchange dropped sharply in reaction to what analysts said was the news of the bankruptcy action. One-half hour after the opening bell, the Dow Jones average plunged over 8 points.

But the loss narrowed considerably in later trading and by 1 p.m. the Dow average was down 3.90 to 716.53.

AMA to Set Up Panel on Needy Minority Problems of Health

By BRIAN SULLIVAN
AP Science Writer

CHICAGO (AP)—Leaders of the American Medical Association, accused of ignoring the medical problems of the needy, are considering the establishment of a committee to receive complaints from minorities and the poor.

The suggestion was made by Dr. Malcolm Todd, a former president of the California Medical Society, following a confused and raucous verbal confrontation with consumer groups Sunday at the opening of the AMA's annual meeting. Similar disruption marked last year's annual meeting in New York.

At the 1969 gathering, protesters broke into the meeting of the AMA's governing body, the House of Delegates.

This year, anticipating trouble, the AMA closed its House of Delegates sessions. Newsmen were permitted to watch proceedings on closed-circuit television.

To provide protest groups with a forum, the AMA named Dr. Todd to head a committee to hold a special hearing, the first for consumers in AMA history.

The consumer groups demanded instead that they be allowed to speak directly to the House of Delegates. A group of about 20 confronted security guards at the House session, but left quietly after being refused

4 in House, 1 Senator Indicted

NEW YORK (AP)—Reliable sources say a Baltimore grand jury report names five members of Congress and a former senator as figuring in a case involving alleged attempts by a contractor to defraud the government, the New York Times reports.

The grand jury report—called a presentment—has not been made public.

The Times quoted the sources as saying the presentment accused Baltimore contractor Victor H. Frenkil of trying to exert pressure on employees of the Office of the Architect of the Capitol to settle a \$5 million claim.

One result of the grand jury inquiry was a struggle between Atty. Gen. John N. Mitchell and then-U.S. Atty. Stephen H. Sachs over whether to make the presentment public, the Times said.

Mitchell forbade Sachs to use the names of the congressmen in any case against Frenkil, reportedly believing that because the public figures were not being indicted their reputations would suffer unjust damage, the Times said.

Sachs held that the officials had to be named to make the government's case against Frenkil, the Times said.

The six political figures the sources reported named by the grand jury were: Sen. Russell B. Long of Louisiana, former Sen. Daniel Brewster of Maryland, and Reps. Hale Boggs of Louisiana, House Speaker John W. McCormack of Massachusetts, and Samuel N. Friedel and Clarence Long of Maryland, the newspaper said. All are Democrats. They figure in varying degrees of prominence in the case, the paper said.

The grand jury presentment stemmed from a year-long investigation into the activities of Frenkil, president of Baltimore Contractors, Inc., the firm that built the parking garage for the Rayburn House Office Building in Washington.

Mrs. Clyde Hill Hit by Auto

A car driven by John Tallant was struck by an Arkansas Highway Dept. truck at 4:45 p.m. Saturday on N. Hervey St. Minor damage was reported by investigating officer James Neal.

At 3:45 p.m. Sunday at the intersection of N. Hazel and Avenue H, a car driven by Mrs. Dolly Hicks was struck by a car driven by Basil Rider. Officers Edward and Neal charged Rider with failure to yield the right-of-way.

A car driven by Jerome Duffie was struck by a car driven by Welmon Rawls, Jr., of Shreveport at 7:10 p.m. Sunday at the corner of Third and Main streets. Minor damage resulted to both vehicles. Rawls was charged with failure to yield the right-of-way by officers Neal and Edward.

The police weekend report listed 3 traffic violations, 1 license violation, 4 drunkenness, 1 driving while intoxicated, 1 disturbing the peace. This brings to a total of 122 accidents and 19 injuries for the year.

1970-1971: The Greatest Show on Earth is grandly living up to its name, with a pretty big celebration under way. Ringling Bros. and Barnum & Bailey Circus is one hundred years old, and the one hundredth edition of the circus is on the road.

The story began in 1870. Phineas Taylor Barnum, already a famous impresario, started to plan a really spectacular circus. "The P. T. Barnum Traveling Exhibition and World's Fair on Wheels" opened in Brooklyn in 1871 and set off on cross-country tours by rail in 1872.

At the same time, James Anthony Bailey was making a name for himself by putting on successful circuses around the world. Barnum met Bailey and in 1890 they agreed to merge their shows.

Also in 1870, two of the seven Ringling brothers had seen a circus performance which so fired their imaginations that in the same year they put on a show of their own. It was a hit, prospered and became a rival to Barnum & Bailey. Then after Bailey's death in 1906, the Barnum & Bailey properties were sold to the Ringlings who thereby became the undisputed "circus kings" of America.

In 1919 the two separate circuses were combined into one giant unit which toured the States yearly, and became a kind of national institution.

The "big one" is a sprightly centenarian. 1969 was a year of new beginnings. It was the first year during which not one but two circuses were simultaneously on tour under the famous name. And the enterprise became a public corporation.

NOW COLLECT "EXTRA CASH" FOR BEING IN THE HOSPITAL

for a covered sickness or accident

YES! "EXTRA CASH" PAID DIRECT TO YOU!

— "EXTRA CASH" THAT'S ALL 100% TAX FREE!

— "EXTRA CASH" TO SPEND AS YOU PLEASE!

— "EXTRA CASH" OVER AND ABOVE ANY OTHER HOSPITAL INSURANCE, EVEN MEDICARE!

Think of it. Now, with a stroke of your pen, you can have tax-free, expense-free extra cash paid direct to you when a sudden accident or unexpected illness hospitalizes you or a covered member of your family! And you may enroll during this Limited Enrollment Period without having to see a company representative and without any red tape whatsoever. All you need do is mail the Enrollment Form below together with just \$1 before the expiration date. It's that easy!

Why You Need Extra Cash

In Addition To Ordinary Hospital Insurance
Anyone who has been in the hospital recently knows ordinary hospital insurance—even Medicare—simply will not cover everything. You have to pay many "extras" out of your own pocket—and it can add up to hundreds of dollars in a frighteningly short time. But even if your ordinary hospital insurance covers most of your medical and hospital bills, what about the bills that keep piling up at home?

If you, as husband, father and breadwinner are suddenly hospitalized, your income stops, your expenses go up. Even if you have some kind of "salary insurance" it probably won't come close to replacing your full-time pay.

If your wife is suddenly hospitalized, who will look after the family, do the laundry, the marketing, the cleaning? You may have to take time off from your job—or hire full-time domestic help—to take care of things at home.

If one of your children is suddenly hospitalized, you will certainly spare no expense. You wouldn't even think of the cost.

If you're over 65 and are suddenly hospitalized, Medicare, fine as it is, won't pay all of your hospital expenses or any household expenses. Most senior citizens won't want to use up savings it may have taken a lifetime to accumulate... they want to retain their independence and not become a "burden" to their children or community.

Without "extra cash" protection, a hospital emergency may leave you with savings gone, debts you can't pay, peace of mind shattered—even your recovery can be seriously delayed by money worries!

How The Plan Protects You And Your Family

Now, with the unique "extra cash" protection of The Doctors Hospital Plan you can avoid these worries because you can be assured of extra cash income when you or any covered member of your family goes to the hospital. No matter how large your family, no matter what your age or occupation and without any qualifications whatsoever, you can choose any of the four low-cost plans shown at right to meet your family's special needs.

In addition to the "extra cash" hospital benefits, you get all these valuable "extra" features:

Your "Health-Bank Account" Grows Each Month

Here's a wonderful benefit, no matter which plan you choose—almost like having an extra "Bank Ac-

count." When your policy is issued, your insurance provides up to \$10,000, \$7,500, or \$5,000—depending upon the plan you choose. This is your "Health-Bank Account."

Then, every month your policy is in force, a sum equal to your regular monthly premium (including your first month) is actually added to your maximum! When you have claims, your benefits are subtracted from your "account." It's much like putting money in and taking it out of a bank account.

Enjoy Life-Long Security

For as long as you live and continue to pay your premiums, we will never cancel or refuse to renew your policy for health reasons—and we guarantee that we will never cancel, modify or terminate your policy unless we decline renewal or modify all policies of this type in your entire state or until the maximum (Aggregate of Benefits) of your policy has been paid.

You May Actually Come Out "Money Ahead!"

Because The Doctors Hospital Plan pays you in addition to any other company's health insurance you carry—individual, group or even Medicare—and because all your extra cash benefits are tax-free, you may leave the hospital many dollars ahead... money you don't have to account for to anyone. Of course, you may have only one like policy with Physicians Mutual.

Enroll For Only \$1

Regardless of your age, the size of your family, or the plan you select, you get your first month for only \$1.00. If you choose the All-Family Plan—all your eligible children (including future additions) are included at no extra cost. (See box at right for low rates.)

Extra Cash Protection At Surprisingly Low Cost

How can a hospital plan offer so much for so little? The answer is simple: We have lower total sales costs. The Doctors Hospital Plan is a mass enrollment plan. All business is conducted between you and the company by mail. No salesmen will call. It all adds up to real savings we share with you by giving you high quality protection at low cost.

INDIVIDUAL PLAN \$5,000 MAXIMUM

On all plans, your "extra cash" benefits are paid from the very first day you enter the hospital, for as long—and for as many times—as you are hospitalized, right up to the maximum (Aggregate of Benefits) of the plan you select.

Naturally The Doctors Hospital Plan will cover any new accident or sickness. New accidents are covered immediately. After your policy is 30 days old, you are covered for new sicknesses which begin thereafter. There are only these minimum necessary exceptions: pregnancy or any consequence thereof

(unless you have the All-Family Plan or the Husband-Wife Plan, each of which covers maternity after the policy is in force for 10 months), war, military service, mental disorder, alcoholism or drug addiction, or conditions covered by Workmen's Compensation or Employers Liability Laws.

You are free to go to any lawfully operated hospital of your own choice, with these exceptions only: nursing homes; convalescent, extended-care, or self-care units of hospitals; or Federal hospitals.

SPECIAL EXTRA BENEFITS!

Whichever plan you choose, you get:
50% INCREASE IN YOUR CASH BENEFITS... if you or any member of your family is hospitalized for cancer (including Leukemia and Hodgkin's Disease), heart attack (acute myocardial infarction), coronary thrombosis and coronary occlusion, or stroke (apoplexy).

If you choose the All-Family Plan or the Husband-Wife Plan, you get in addition:

DOUBLE CASH BENEFITS if both you and your wife are injured and hospitalized at the same time. You get twice the amount—\$350 A WEEK!

Important: Here is another real "plus"—if you have been told that anyone in your family is "uninsurable"! Even if one of your covered family members has suffered from chronic ailments in the past—ailments that come back again and again, or are likely to recur—you will be covered for these pre-existing conditions after your policy has been in force for one year!

IF YOU ARE OVER 65

Even though Medicare will pay most of your hospital expenses it will not cover all of your needs. During this limited enrollment, you can get the extra cash protection needed during the high-risk senior years without any qualifications just by using the form below!

It's a fact that people over 65 go to hospitals more often and have larger hospital bills. That's exactly why they need extra cash protection! And that's why some hospital plans won't accept them or charge rates beyond their means. But The Doctors Hospital Plan not only accepts you regardless of age, it gives you easy-to-carry protection that is within your means. If you are over 65 now, or when you become 65, the following modest monthly additional rate applies:

Female on All-Family or Husband-Wife Plan	\$2.50
Female on One-Parent Family or Individual Plan	3.50
Male on Any Plan	3.50

son whatsoever you change your mind you may return your policy within 10 days and we will promptly refund your dollar.

IMPORTANT: We can only accept your enrollment if it is postmarked on or before the date shown below. But please don't wait until the last moment. The sooner we receive your form, the sooner The Doctors Hospital Plan will cover you. You risk nothing by acting promptly. You may lose hundreds of dollars in "extra cash" benefits through needless delays. Mail your enrollment form today!

19 Important Questions Answered

ABOUT THE NEW DOCTORS HOSPITAL PLAN

1. What Is The Doctors Hospital Plan?

The Doctors Hospital Plan is a brand-new, low-cost health protection plan—that pays extra cash direct to you when a covered accident or illness hospitalizes you or a covered member of your family.

2. Why do I need The Doctors Hospital Plan in addition to my regular insurance?

Probably your present hospital insurance won't cover all your hospital expenses, but even if it does, you will still need help to cover all your household expenses when you are hospitalized.

3. Can I collect even if I carry other health insurance?

Yes. The Doctors Hospital Plan pays you in addition to any health insurance you carry, whether individual or group—even in addition to Medicare! And all your benefits are tax-free! Of course, you may have only one like policy with Physicians Mutual.

4. Is there a lot of red tape to qualify?

None at all. Your only qualification is to complete and mail your Enrollment Form by the deadline date shown.

5. Which plan should I choose?

You may choose any of four low-cost plans—you can actually select the exact plan that suits you best!

If yours is a young, growing family, we recommend the ALL-FAMILY PLAN. You and your wife are covered at once for accidents, for new sicknesses after 30 days, and for maternity benefits after 10 months. All your children (and future additions) between 3 months and under 21 are included, at no extra cost, as long as they are unmarried and live at home.

If you are the only parent living with your children, we suggest the ONE-PARENT FAMILY PLAN. This covers you and all unmarried children living at home between 3 months of age and under 21.

If you have no children as yet, or if you have children who are grown and no longer dependent on you, you will want the HUSBAND-WIFE PLAN.

Or, if you are living by yourself, choose the INDIVIDUAL PLAN.

6. If I become hospitalized, when do my benefits begin?
On all plans, your cash benefits are paid from the very first day of covered hospital confinement, for as long—and for as many times—as you are hospitalized, up to the maximum (Aggregate of Benefits) of the plan you choose.

7. How much can I be paid?
Each plan has its own "Aggregate of Benefits," what we call the maximum.

For example, under the ALL-FAMILY PLAN, the maximum is \$10,000—\$100 a week (\$14.28 a day) extra cash income for you; \$75 weekly (\$10.71 daily) for your wife; \$50 weekly (\$7.14 daily) for each of your eligible children.

Under the ONE-PARENT FAMILY PLAN, the maximum is \$7,500—\$100 weekly (\$14.28 daily) for you; \$50 weekly (\$7.14 daily) for each of your eligible children.

Under the HUSBAND-WIFE PLAN, the maximum is \$7,500—\$100 weekly (\$14.28 daily) for you; \$75 weekly (\$10.71 daily) for your wife.

Under the INDIVIDUAL PLAN, the maximum is \$5,000—\$100 a week (\$14.28 a day) for you.

8. Are any additional benefits included in The Doctors Hospital Plan?

Yes. You receive a 50% increase in cash benefits if you or any covered family member is hospitalized for cancer (including Leukemia and Hodgkin's Disease), heart attack (acute myocardial infarction, coronary thrombosis and coronary occlusion), or stroke (apoplexy).

9. What are the "double" cash benefits?

If you and your wife are both injured and hospitalized at the same time and are covered by the ALL-FAMILY PLAN or the HUSBAND-WIFE PLAN, you get double cash benefits. You get twice the amount—\$350 A WEEK!

10. Does this plan pay in any hospital?

You will be covered in any lawfully operated hospital except nursing homes; convalescent, extended-care, or self-care units of hospitals; or Federal hospitals.

11. When does my policy go into force?

It becomes effective the very same day we receive your Enrollment Form. New accidents are covered on that date. After your policy is 30 days old, new sicknesses which begin thereafter are covered. Under the ALL-FAMILY PLAN and the HUSBAND-WIFE PLAN, childbirth or pregnancy or any consequence thereof is covered after your policy is in force for 10 months.

12. What if someone in my family has had a health problem that may occur again?

Even if one of your covered family members has suffered from chronic ailments in the past, pre-existing conditions are covered after the policy has been in force for one year.

13. What conditions aren't covered?

Only these minimum necessary exceptions: pregnancy or any consequence thereof (unless you have the ALL-FAMILY PLAN or the HUSBAND-WIFE PLAN), war,

military service, mental disorder, alcoholism or drug addiction, or if something happens "on the job" and is covered by Workmen's Compensation or Employers Liability Laws.

14. Can I drop out any time? Can you drop me?
We will never cancel or refuse to renew your policy for health reasons—for as long as you live and continue to pay your premiums. We guarantee that we will never cancel, modify or terminate your policy unless we decline renewal or modify all policies of this type in your entire state or until the maximum (Aggregate of Benefits) of your policy has been paid. You, of course, can drop your policy on any renewal date.

15. Why Is The Doctors Hospital Plan almost like having an extra "bank account"?
When your policy is issued, your insurance provides up to \$10,000, \$7,500, or \$5,000—depending upon the plan you choose. This is your "Health-Bank Account." Then, every month your policy is in force, a sum equal to your regular monthly premium (including your first month) is actually added to your maximum. When you have claims, benefits are subtracted from your "account!"

16. Will my claims be handled promptly?
Yes. With your policy, you will receive a simple, easy-to-use Claim Form. Your claims will be processed quickly and your checks sent directly to you.

17. Why are the premiums so low?
With The Doctors Hospital Plan, you actually get all these benefits—at such a low cost—because this is a mass enrollment plan—and no salesmen will call. Our volume is higher and our total sales costs are lower.

18. How much does my first month cost?
Only \$1.00, regardless of your age, the size of your family or the plan you select. After the first month, if you are under 65, you pay only these low monthly rates: only \$7.95 a month for the ALL-FAMILY PLAN; only \$5.95 a month for the ONE-PARENT FAMILY PLAN; only \$6.45 a month for the HUSBAND-WIFE PLAN; only \$3.95 a month for the INDIVIDUAL PLAN. (When you are over 65, premiums increase. See modest increase in box above.)

19. Why should I enroll right now?
Because an unexpected sickness or accident could strike without warning—and you will not be covered until your policy is in force. Remember, if for any reason you change your mind, you may return your policy within 10 days and your \$1.00 will be refunded immediately.
